L200 PICKUP

Returning to the UK summer 2026.

BACK FOR 2026 BIGGER & BETTER

For more than 20 years the L200 has been a UK pickup icon. The All-New L200 is back with increased capability, a striking new design and intelligent technology throughout. Trusted with the toughest jobs, the L200 is a powerful, unstoppable workhorse.

2.4L BI-TURBO DIESEL ENGINE

204PS AND 470Nm TORQUE

1000KG PAYLOAD

3,500KG TOWING CAPACITY

SUPERIOR 4WD CAPABILITY

Capable in all terrains and all conditions, the L200 sets itself apart with Super Select 4WD, allowing seamless switching between 2WD and 4WD even while on the move.

7-MODE OFF ROAD SYSTEM

STRENGTHENED CHASSIS

SUPER SELECT 4WD-II

CLASS-LEADING REFINED INTERIOR

The L200 offers sporty, body-hugging front seats, sculpted for maximum comfort with wide shoulder support and a deeper centre. The L200 double cab provides comfortable seating for up to five, providing passenger space comparable to a car.

The L200 is equipped with smart, driver-focused technology, with key controls — from the 4WD mode selector to the DAB radio — positioned exactly where you need them.

Inside, the sculpted centre panel and flowing centre console create a cabin that feels more like a capable SUV than a traditional pickup.

2H 2WD	4H Full-time 4WD
