3. Whose products do we offer?

Autopark Limited is a credit broker, not a lender. Our approach to financing vehicle sales is to use the strong relationship we have with Motion Finance 2017 Limited and we will introduce you to them to source finance products from a panel of lenders and intermediaries to assist with your vehicle purchase. We are not an independent financial advisor and do not make recommendation. However, we will provide you with information on products which may suit your requirements based on information you disclose to assist you in making an informed decision on your purchase. You may be able to obtain funding for your purchase from other providers and you are encouraged to seek alternative quotations.

4. What services will we provide you with?

We will provide you with information to assist with your funding decision on:

Credit Agreements – Hire Purchase, Conditional Sale, Personal Contract Purchase, Lease Purchase, Personal Loan.

5. Will you have to pay for our finance services?

No, you make no payment to us. Instead, the broker we introduce you to will pay us a commission for introducing you to them. The amount of commission Autopark Limited earns, and Motion Finance will earn will be shared with you before the agreement is funded, you will have the opportunity to decline to proceed on this basis, however this may mean that you need to arrange alternate financing for your vehicle purchase. Different lenders or intermediaries pay different amounts for such introductions. The commission we receive is either a fixed fee or calculated as a percentage of your loan advance and may vary depending on the finance product, the amount you borrow and the term the loan is borrowed over. This may also mean that the more you borrow the larger the amount that we will receive. However, the amount of commission that we receive from the broker is pre-determined and the likely amount of this commission will be confirmed to you in good time before you sign the agreement documentation.
