Specific part or fault type exclusions

Whilst your warranty includes a huge range of components, there are naturally some parts and faults that we just can't cover, as shown below. They're mainly bodywork, trim, general maintenance and service items.

- ✖ **Service and consumable items** - including but not limited to injectors (unless you have our Platinum plan), brake pads & discs, brake drums, tyres, bulbs, spark plugs, fuses, brake & clutch friction material, burnt or worn out clutch components, seized brake callipers, any seized components, air con recharging, gaskets (excluding head gaskets), hoses & pipes, all blockages, perishable rubber items, oil or fluid leaks (unless you have our Platinum plan), fuel tanks and clearing of fuel lines, connectors, air bags, auxiliary drive belts, hardware i.e. bolts and fixings.
- ✖ **Engine and turbo** - sprockets, burnt valves and valve seats, cracked blocks or cylinder heads, cylinder head skimming or refacing, burnt / carbonised valves or removal of carbon deposits, core plugs, cambelt / timing chain damage if the cambelt / timing chain and associated parts haven't been replaced inline with the manufacturer's recommendations.
- ✖ **Steering** - leaks.
- ✖ **Electrical or electronic items** - front and rear screen heating elements, glow plugs, connectors / terminals, wiring, batteries (unless you have our Platinum plan), software and software updates, reprogramming or adjustments, tracker systems, head up unit display, radio recoding and light units.
- ✖ **Electric / hybrid vehicle** - electric charging cable / socket, wiring and HV cabling, HV battery housing, HV cells / modules and HV battery cooling and venting.
- ✖ **Bodywork and trim** - paintwork, bodywork, chassis, interior, seats, upholstery, fabric roofs, wheels, glass, air vents, locks and catches.
- ✖ **Negligence or driver abuse** - i.e. incorrect or insufficient oils or lubricants / fluids and overheating.
- ✖ **Ancillary items** - water ingress, corrosion or oxidation, faulty workmanship or parts, manufacturer recalls, accidental damage to radiator and A/C condenser, exhaust systems, exhaust manifolds, emissions, carbon build-up, repairs to rectify issues such as high oil consumption or poor fuel economy, oil or fluid contamination including staining or misting, sludge / silt or other waste, waste disposal, key blades, sealing materials and compounds.
